TO TOUR  
THE WORLD.President's Plan Is  
Made Known.Means to Spend an Entire  
Year Visiting Various  
Countries.Wishes to Leave Taft a Free  
Hand in Administering  
Government.Doesn't Want to Be Held Re-  
sponsible for Any Ap-  
pointments.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, April 6.—[Ex-

clusive Dispatch.] President

Roosevelt will make a tour of

the world, imitating Gen. Grant, after

the expiration of his term of office.

He will be absent at least a year.

This statement was made authorita-

tively at the White House today.

His declared purpose in going

abroad is to give Secretary Taft

the opportunity of electing a free

hand in administering the affairs of

the government without any influence

from Mr. Roosevelt, so far as his

policies are concerned.

President Roosevelt's most intimate

friends point out that he is not a

candidate for reelection and that he

would not accept another nomination

in any circumstances, but that he

would be greatly gratified if he were

placed in the position where he could

administer the principle that no man

should serve three terms.

At the Boone and Crockett dinner

given here a few days ago, President

Roosevelt was invited to visit Alaska,

but he declined on the ground that a

visit to the Northwest possessions of

the United States would not keep him

out of the country for the period of

one year.

The President's desire to be out of

the United States during the first year

of the Taft administration (if the Sec-

retary of War is elected) is due, in a

great measure, to the sensitiveness of

the President.

In confidence he told an intimate

friend that he had no desire to domi-

nate the Taft administration, and to

place himself beyond criticism he

desired to get out of the country. He

declared that the Taft administration

would stand on its own bottom, and

that he had no desire to exert any

influence over it.

Aside from this, there are two rea-

sons why Mr. Roosevelt desires to get

out of the country. One is that, if ap-

pointments are made which meet with

his approval, the charge will be made

that he is dominating the next admin-

istration. The other is that, if an ap-

pointment is made which does not

meet with his approval, it will be charged

that he has been turned down by the admin-

istration.

The President wishes to avoid both

of these dangers and has yet been

unable to make what he hopes will be

a triumphal tour of the world, thus

placing himself beyond criticism and

adding to his prestige by visiting the

first-class nations of the earth.

LISBON IS IN  
AN EXCITED STATE.TROOPS CONTINUE TO PATROL  
CITY'S STREETS.Several Clashes Occur Between  
Police and Mob, and Many  
Supposed to Have Been Killed, but  
Facts Are Suppressed by Govern-  
ment Censor.

[BY THE ASSOCIATED PRESS—A.M.]

LISBON, April 6.—The city is in a

state of intense excitement over the

election riots of last night, brought on

by the indignant protest of the Repub-

lican element that it would be de-

graded at the polls.

Great crowds filled Pedro Square

and were massed in front of St. Do-

mingue Church, these points being the

chief centers of the Republican dis-

orders. The troops, consisting of cav-

alry and infantry, were called from

their barracks and charged on the as-

sembled multitude. As the troops ad-

vanced they were met by showers of

stones.

The soldiers charged repeatedly,

finally opening fire on the mob. In-

tense disorder ensued. One observer

says the streets were literally red with

blood.

No official statement of the number

of killed and wounded has yet been

issued, and pending authority from the

government sources, no unofficial or

disseminating statement has been

telegraphed concerning the extent of

these casualties.

The bloody street affray, three

newspapers, the organs of

Francisco, the Regenerators and the

crowd finally fell in terror to their

knees, the cavalry pursuing the

disseminating the streets and dis-

seminating them. They sought to re-

form at the street corners.

The counting of the ballots on yes-

terday's election proceeded slowly to-

day. Some districts are being held up

by order of the government. The bal-

lot booths are being guarded by the

police, backed by a large force of

THE HOME OVER WHICH MISS ELKINS MAY PRESIDE.

Duke of Abruzzi's Villa at Spezia.  
Although, as brother of the King of Italy, Abruzzi has several residences  
including a palace at Venice, this beautiful villa is the place he loves  
to call home, and it is here he has planned to bring Katherine Elkins  
as his bride.DES MOINES  
TRIES A FAD.Entire Municipal Government  
Placed in Hands of Com-  
mission of Five Men.

[BY DIRECT WIRE TO THE TIMES.]

DES MOINES (Iowa) April 6.—[Ex-

clusive Dispatch.] The capital city of Iowa tonight

formally discarded the old state of

municipal government in favor

of the new "Oklahoma plan."

In other words, Des Moines has

abolished the offices of Mayor

and City Councilmen, and

placed the entire municipal govern-

ment in the hands of a non-

partisan commission of five

men. The five commissioners

have sole control of the city's

affairs, and the number is

designated as Mayor for con-

venience of terms.

Each of the commissioners

heads a department of the city

government and is responsible

for that department, engaging

help as needed under civil ser-

vice laws.

A great crowd filled the Coun-

cil chamber tonight to witness

the ceremony of transferring

the city government to the new-

ly-elected commissioners. After

the commissioners were in-

ducted into office, the following

assignments were announced:

Mayor and director of public

affairs—Commissioner Oath.

Public safety, embracing po-

lice, fire and health depart-

ments—Commissioner Hamery.

Public improvements—Com-

missioner MacVicar.

Finances—Commissioner

Schramm.

Parks and buildings—Com-

missioner Ash.

Under the new law, many

boards and bureaus are abo-

lished, and the city's business

concentrated in the hands of

five men.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, April 6.—The

statement of Sam Gompers, pres-

ident of the American Federation of Labor,

that organized labor would not

endorse the Sherman anti-trust law

as applied by the United States Sup-

reme Court in the latter case, than sub-

mitted to registration as proposed by the

amendatory bill drafted by the Na-

tional Civic Federation, and introduced

in the House by Mr. Hepburn, was one

of the features today of a hearing on

that bill before a House Judiciary sub-

committee.

The speakers, in addition to Gompers,

were President Seth Low of the

National Civic Federation; Prof. J. W.

Jenks of Cornell University, an counsel

for the Civic Federation; Daniel De-

venport of Bridgeport, Ct., for the Na-

tional Anti-Boycott Association; and

George A. Monahan of Detroit, coun-

sel for the National Founders' Asso-

ciation, an organization of manu-

facturers employing 250,000 men.

The first speaker was Prof. Jenks,

who discussed the bill in its various

phases and answered a running fire

of questions from members of the com-

mittee. He declared that he was not

opposed to the bill as far as it related

to the National Civic Federation are con-

siderable changes to be made in the

Sherman law that would

authorize an interstate boycott, as de-

fined by the Antitrust Coal Commis-

sion.

Mr. Gompers declared that organized

labor does not want its contracts with

employers to be based on as to their

reasonableness or unreasonableness by

a commission, that rather would in-

stead submit to the law as it now stands.

Further hearing on the bill was post-

poned until Thursday, April 16.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, April 6.—Counsel for

Evlyn Nesbit Thaw today filed in the

Supreme Court the suit for annul-

ment of her marriage with Harry K.

Thaw. The annulment is asked on

the ground that Thaw was insane at

the time of the marriage. Papers in

the proceedings were served on Thaw

several weeks ago.

After receiving the papers in the

case, Justice Hendricks appointed

Robert E. Devo a referee to take the

evidence in the annulment suit and

directed that the taking of testimony

proceed within three days.

A. Russell Peacock, counsel for

Harry K. Thaw and his mother, Mrs.

William Thaw, both of whom are

named as defendants in the action,

filed a notice with the court today

concerning the appointment of a

referee to take testimony.

## STATE RIGHTS ARE INVOLVED.

Bill Concerning Liquor Shipments Agreed Upon.

Will Be Reported to Senate by Senator Knox.

Prospects Are That Old Fight Will Be Renewed.

(BY THE ASSOCIATED PRESS.—A.M.) WASHINGTON, April 6.—After extended hearings and exhaustive arguments by the members of the Senate Committee on Judiciary, the committee today agreed upon a bill dealing with the shipment of liquors from one State or Territory to another State or Territory.

The measure will be reported by Senator Knox, who was chairman of the subcommittee which conducted the hearings.

It is comparatively simple in form, providing that when a package of liquor is shipped in interstate commerce where the name of the consignor and consignee shall be stated plainly, the consignor is designed to eliminate the practice of railroad and express agents acting as agents for liquor houses.

There were numerous bills before the subcommittee, and the bill which was adopted is the one which was introduced by Senator Knox, who was chairman of the subcommittee which conducted the hearings.

Senator Milton Sworn In.

WASHINGTON, April 6.—William H. Milton of California today was sworn in as the successor of the late Senator William J. Bryan.

CHANGES ITINERARY.

Secretary Metcalf Orders That Battleships Stop at Monterey and Port Harford.

(BY THE ASSOCIATED PRESS.—A.M.) WASHINGTON, April 6.—Some slight modification in the plans of the parade of the Atlantic battleship fleet from Magdalena Bay to San Francisco today, as announced by the Navy Department Saturday, providing for stops at Port Harford and Monterey, were made public today.

As a result of the changes, the fleet will leave San Francisco on May 1, instead of April 30, as stated Saturday, and it will go to Port Harford, reaching there the 20th. Only a brief stop will be made at Port Harford, the vessels leaving there on the day of their arrival, for Monterey, where they are due May 1. The next day, May 2, they are to leave for Santa Cruz, reaching there the same day, a day later than was originally announced, and will sail from that place for San Francisco on the 6th of May.

The line-up and formation of the vessels to participate in the grand naval review in San Francisco Bay on May 8 was announced formally at the department today. Battleships, armored cruisers, gunboats, torpedo boat destroyers and fleet auxiliaries will make the formidable combination that will be reviewed by Secretary Metcalf, and witnessed by the people of California. Forty-six vessels are scheduled to participate.

MUST SPEND HALF MILLION.

PORTLAND (Or) April 6.—The directors of the Oregon and Washington Railway Company formally accepted the franchise recently granted by the Seattle City Council at a regular meeting held at the city hall today.

The franchise includes terminals, freight yards, passenger depot, and a line of railway extending from the city limits of Seattle, it is also required under the terms of the franchise that the company shall extend from Portland to Puget Sound, which is the Harriman extension from Portland to Puget Sound, shall extend at least \$500,000 within the next twelve months.

HOBBSON'S SPEECH.

Representative Hobson of Alabama made a speech in favor of the greater navy.

Pointing out what he declared to be the present condition of the national defense of the United States, both in

the Atlantic and the Pacific oceans, Mr. Hobson made an earnest plea for two battleships of 25,000 tons displacement in addition to the two authorized by the naval appropriation bill.

He said that a conservative estimate would indicate that, for the minimum basis in the way of naval defense, the United States should have at least four big ships a year for many years to come.

Now, however, said he, "the oceans have been bridged and the armies of the world have been brought to our doors, and along with the political parties of the world, and the dangers of being unprepared are becoming greater and greater with each succeeding year."

Pursuing his analysis of the conditions in the Pacific, Mr. Hobson declared: "We cannot ignore the fact that Japan is making a stupendous preparation, preparations which have doubled the national debt of Japan in the way of naval and coast defense."

It is estimated that she has between 300,000 and 400,000 men under arms, yet there is no mention of the armaments of the United States.

No nation since the world began has ever maintained such a large standing army as the United States, and yet there is no mention of the armaments of the United States.

Mr. Hobson said that the United States had a standing army of 100,000 men, yet there is no mention of the armaments of the United States.

He said that the United States had a standing army of 100,000 men, yet there is no mention of the armaments of the United States.

He said that the United States had a standing army of 100,000 men, yet there is no mention of the armaments of the United States.

## WILL FORTIFY PEARL HARBOR.

House Passes Naval Station Bill at Last.

Appropriation Made to Begin Great Work.

Senate Adds to Fortifications Budget.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 6.—[Exclusive Dispatch.] Congress did well today toward the Pacific Coast and Hawaii in the way of naval and coast defense.

The House passed the bill appropriating \$35,000 to begin a naval station at Pearl Harbor, which is intended to be one of the strongest naval bases in the world, and the Senate subcommittee on Fortifications on which Senator Perkins is chairman, reported the fortifications bill with an increase of \$1,737,528, most of which will be expended on the Pacific Coast and Hawaii.

The increased appropriation will furnish enough money to complete the fire control and range finding systems in the way of naval and coast defense, and to equip the coast with a complete submarine mine system. An additional \$1,000,000 is given by the Senate committee to Puget Sound for the construction of a submarine mine.

Pearl Harbor is allowed an increase for mortar and submarine mines, while a torpedo planter and four launchers are given to Honolulu and a planter and six launchers to the Philippines.

A planter has already been provided for the Pacific Coast, and in case of emergency the lighthouse tenders and coast vessels can be pressed into the service.

A REMARKABLE SHOWING.

The committee was strongly impressed with the showing of practice made by the Russian navy had been in the Pacific Ocean, and there was a big gun recently, operated under the fire control and range finding system, fired four shots in three minutes and fifty-three seconds, every shot striking a target five by twelve yards in size at a distance of 7012 yards.

It was also reported that the Russian navy had been in the Pacific Ocean, and there was a big gun recently, operated under the fire control and range finding system, fired four shots in three minutes and fifty-three seconds, every shot striking a target five by twelve yards in size at a distance of 7012 yards.

It was also reported that the Russian navy had been in the Pacific Ocean, and there was a big gun recently, operated under the fire control and range finding system, fired four shots in three minutes and fifty-three seconds, every shot striking a target five by twelve yards in size at a distance of 7012 yards.

## THE FLEET PREPARING TO MEET US.

Battleships Getting Ready for Company.

Scrubbing and Polishing from Masthead Down.

Naval Brigade Ordered for Parade Duty.

(BY THE ASSOCIATED PRESS.—P.M.)

MAGDALENA BAY, April 6.—The work of preparing for the California reception, now not ten days distant, is already in progress among the battleships of the Atlantic fleet.

Every ship not engaged in coaling or working on the torpedo ranges is undergoing a thorough scrubbing, scraping and painting from the water line to mastheads. Every inch of the surface of the ships will be gone over and cleaned and polished.

Divers have been sent over the sides of each ship, and have made thorough inspections of the bottoms. Many of the ships are nearly as clean as when they left Hampton Roads, according to the reports of the divers.

The long lay at anchor in the bay has done more to clean the ships than the trip around the Horn.

The work of coaling the ships for the long journey is being pushed forward with all speed. Last night the crew of the Maine worked all night taking on coal from a collier alongside and stowing it away in the bunkers. It is likely that one or two others of the ships will also put in a night at coaling.

The Connecticut returned to Magdalena Bay this morning from San Diego, and the Maine, the Connecticut, the blue flag of the commander-in-chief no longer fluttered from the masthead. A 1 o'clock her gun salute was fired.

The Connecticut returned to Magdalena Bay this morning from San Diego, and the Maine, the Connecticut, the blue flag of the commander-in-chief no longer fluttered from the masthead. A 1 o'clock her gun salute was fired.

## THE LATEST SPORTING NEWS, LOCAL AND TELEGRAPHIC

## TRYOUT CARD IS ARRANGED.

Van Horn and Smith to Head McCarey's Bill.

Turk and Collins to Meet in Second Battle.

Gardner and Lewis to Fight for Fixed Purse.

Manager McCarey, of the Pacific Athletic Club, has practically completed his tryout card for next Tuesday night. Rube Smith and Russell Van Horn will furnish the wind-up, with Aldo the Turk and Collins coming next. Then Young McGovern and Mike Kutchow will go ten rounds. Two six-round bouts are yet to be arranged, making 42 rounds of boxing in all.

It took Rube Smith a long time to be convinced that he did not beat Van Horn when they met some weeks ago. He now admits that he was in poor condition and that his opponent had about an even break. The majority of fans gave Van Horn the decision. Van Horn injured his hand in the second round of the last battle and says he can do better next time. Therefore these boys ought to furnish a good go.

Arthur Collins defeated the Turk when they met during the winter, but in the early part of the battle the Turk received a bad eye which he asserts put him out of the running. He says he will be able to do better this time and is going for the match.

Mike Kutchow gave away many pounds to Eddie Menney in their recent battle, but at that made a good showing. By meeting Young McGovern at 115 pounds he believes he can appear to better advantage. McGovern has to make good in this match after the poor exhibition he gave with Johnny Coulon.

Smith and Van Horn are to meet at catchweights, while the Turk and Collins are to weigh in at 162 pounds. The two six-round bouts probably will be between title fellows.

Smith is working out with Jim Flynn at the Eastside Athletic Club. Battling Johnson, who is to meet Flynn, will begin training Monday for the battle, which is to take place April 21.

JEFFRIES IS BUSY.

Jim Jeffries has a force of seventy-five men at work on his pavilion in Vernon, and expects to have the structure completed by Saturday.

Instead of the original offer of \$6 per tent, made to Young Kutchow by Papke to settle the middleweight title, Jeffries has agreed to give a purse of \$3000 for this bout, and says that the match will be for the welterweight title.

In so far as the championship is concerned, Gardner and Lewis have about as much right to battle for the title as any other welters. Los Angeles fans have been led to believe that Mike (Twins) Sullivan holds the title since he defeated Honey Melody here. In 1905 Sullivan won a twenty-round decision from Gardner in San Francisco. It was a pretty close bout and some say that it ought to have been a draw. Sullivan has grown pretty heavy since that time, and Gardner may be considered as about in a position to succeed him.

Gardner took a ten-round decision from Lewis last May, but there was a big howl over the outcome. As the bout before Jeffries' club is to go twenty-five rounds, there is no doubt in the minds of the fans that there will be a decisive ending.

Jeffries is preparing for a fifteen-round preliminary, but he has selected the opponents. The bout probably will be between feather or lightweight.

Gardner and Lewis are on their way West and are expected to reach here Saturday afternoon.

Attell and Sullivan.

Al Attell now has the chance to get even with Brooklyn Tommy Sullivan when they meet at the Coliseum in San Francisco, April 28. Sullivan is the only fighter who ever knocked Attell out, and recently he has been clamoring for a match. The men are to weigh 123 at 6 o'clock, a weight considered very low for Sullivan. Billy Roche has been selected as referee.

COMPULSORY BASEBALL.

Man and Women of Pomona Will Play on Diamond Instead of Performing "Gym" Stunts.

[SPECIAL CORRESPONDENCE OF THE TIMES.] CLAREMONT, April 6.—Baseball will supplant gymnastic athletics at Pomona when school opens tomorrow. Physical Director A. C. Braden will have charge of the gymnasium and women's leagues are to be organized. The girls will play the indoor game on the old diamond, while the boys will play the regular game on Alameda Field. The "varsity" will use the regular diamond.

The men's "gym" classes will form a four-team league and play a series of games. Two lines will play each night. The present team finishing in the lead will be honored by having their names inscribed on the gymnasium walls as "Gym League Champions, 1923."

The men's league has been successfully carried out in former years, but the girls have never played before. The girls will have a tri-weekly league composed of one team from each "gym" class.

Just what honor will be accorded the victorious "co-ed" nine has not yet been decided, but it is possible a game between the two pennant winners will be arranged, provided the boys give the girls a suitable handicap.

Another feature of the amateur baseball season will be a game between the "co-ed" of Sumner Hall and a team composed of girls not in the dormitory.

Marshall Draws Game.

VIENNA, April 6.—The eleventh round of the international chess masters tournament was played here today. The two American representatives, Marshall and John, were pitted against Berger and Duras. Marshall drew his game, but John lost. The leaders, Schlechter, nine points; Maroczy, eight points; and Duras, eight points, all won their games today.

THE Italian Car.

SAN FRANCISCO, April 6.—The Italian car in the New York-to-Paris automobile race will leave Friday on the steamer City of Pavia, for Seattle. From there the car will be shipped to Valdez, Alaska, traversing the same ground as that covered by the American car.

## TO ELECT OFFICERS.

Los Angeles Company of Southern California Rifles to Organize Permanently.

Members of the Los Angeles Company of the Southern California Rifles are to meet Thursday evening at No. 312 South Broadway to effect permanent company organization. At that time a captain, two lieutenants and a company adjutant will be elected and permanent headquarters selected.

The company proposes to organize a team from among its members solely and will challenge the Rangers, the Glendale club, and the Redondo company to shoot in teams of from five to ten men. Company elimination for the team will begin next Sunday at Schuetzen Park. It is probable that a match shoot for select men will be conducted between select men from the Los Angeles company and from the Rangers.

Next Sunday a special school of instruction will be opened at the park for members who have shot very little or none at all. Several of the old-timers will be detailed to act as instructors.

ON GUARD.

## HELLER WINNER OF EDDY CUP.

DEFEATS HORN IN FINALS OF FENCING BOUTS.

Excellent Contests at the Los Angeles Athletic Club—R. S. Taylor Beats H. G. Wheeler in Bout With Quelling Swords—Trotter Present With Bathrobe.

Ward Heller won temporary possession of the Eddy trophy cup in the finals of the fencing tournament held last night at the Los Angeles Athletic Club. He is entitled to hold it until

## LOOKING FORWARD.

U. S. C. PREDICTS U. S. C. BETTER THINGS.

CONTESTS ARE SCHEDULED WITH NORTHERN TEAMS.

Capt. Nordahl is the Only Man 'Varsity Track Team Will Lose by Graduation—Richardson and Trotter Expected to Be Better Than Ever—Added Facilities.

U. S. C. students are looking forward to the track season of 1924. With three big dual meets already scheduled with Berkeley and Stanford, and the probability of a dual contest with a Rocky Mountain team, the Methodists are beginning to figure the chances of their favorites with the big ones from the North and East.

Considering the severity and length of the Methodists' schedule for the past season, the performances of the university athletes, while hardly up to collegiate standards in every instance, were not far below the records of both the northern teams in their preliminary contests, considering the difficulties under which the men train.

Nordahl will be the only man the 'Varsity squad will lose by graduation, and all the other members of the team have signified their intention to be on hand next season. Reid, Grant, Trotter, Richardson, Stoekey, Hall, Earl, are prominent among the Methodist freshmen who made their letters this year on the track, and a score of less proficient candidates will have the advantage of the first year's experience to assist them in winning points next season. Trotter of Santa

Barbara, an local, has been tried out, and there is reason to believe the machine will exceed all previous marks. The car is being run by J. W. and Henry Nikrent, both experienced drivers.

The attempt is being made under the

Reo Chugg Meritly on in Effort to Break World Record—Shuttler Is Confident of Success.

The Reo light touring car which is being run against the non-stop motor record has completed almost 500 miles at midnight. The motor is humming merrily, and there is reason to believe the machine will exceed all previous marks. The car is being run by J. W. and Henry Nikrent, both experienced drivers.

## PLAY BALL.

POMONA BEGINS BALL PRACTICE.

ALL ENERGIES CENTERED IN THE DIAMOND GAME.

Congregational Team Practically Picked With Exception of Third Base for Which There Are Several Candidates—Capt. Mahoney to Direct from Shortfield.

[SPECIAL CORRESPONDENCE OF THE TIMES.] CLAREMONT, April 6.—With the addition of Metcalf, Spurgeon and Birdall, whom track work has kept off the outfield, 'Varsity baseball practice will begin in earnest tomorrow under the direction of Coach Pierce.

Baseball prospects at Pomona look better than they have in years, for only two members of last year's nine are gone, and there is a wealth of new material among the freshmen.

The season will be formally opened with a match with the Sherman Indians at Riverside, Saturday, and one week later the Braves will play a return game in Claremont.

Preliminary practice has been going on since New Year's, and much of the time the team has been tried out on account of Coach Pierce's illness, but no cinderpaths should attempt any diamond stunts, no team work has been tried, because Spurgeon, Metcalf, Birdall, second, and outfielder, were kept off of the diamond. Rogers, who is doped as a promising first baseman and pitcher, was also out of the game.

The entire squad will meet under Capt. Mahoney tomorrow, and the coaches will discuss the team's scrap for positions will doubtlessly develop some classy playing.

For one initial scuffle, Rogers and Birdall will do a little twirling in the 'Varsity outfield last year, but was weak in stick work and seems a good deal better. The team's stick work this year has shown improvement in practice, and his reliability gives him a fine chance for the position. Rogers will do a little twirling, and is undecided whether to try first or third. He hails from Santa Barbara, an local, has been tried out, and there is reason to believe the machine will exceed all previous marks. The car is being run by J. W. and Henry Nikrent, both experienced drivers.

## RESULTS AT BENNING.

WASHINGTON, April 6.—Benning results:

Seven furlongs: Service won, Kempton second, Al H. Woods third; time 1:20.

Four furlongs: Personal won, Al Busch second, Balbek third; time 0:50. Six furlongs: Jubilee won, Pantouff second, Giles third; time 1:15 3-5.

Five furlongs: Nanno won, Laura A. second, Javotte third; time 1:05 3-5. One mile: Reindoor won, Billy P. Van second, Umbrella third; time 1:44. Seven and a half furlongs: Berkeley won, Smoker second, Anasus third; time 1:55 2-5.

Racing at New Orleans.

NEW ORLEANS, April 6.—Fair Grounds results:

Four furlongs: Fundamental won, Maid of Gotham second, Kenmore Queen third; time 0:49.

Six furlongs: Oriander won, Apple Toddy second, Joyful Lady third; time 1:14 2-5.

Six furlongs: Lady Anne won, Miss Storme second, Hagerty third; time 1:14 1-5.

One mile and a sixteenth: Aunt Rose won, Goldway second, Lucky Moose third; time 1:47 1-5.

Five furlongs: King's Daughter won, Frank Lord second, Deuce third; time 1:05 2-5.

One mile and a sixteenth: Mulanue won, Lee Beach second, Lady Almy third; time 1:44 4-5.

One mile and an eighth: Sylvan Belle won, Mishora second, Maxonia third; time 1:52 2-5.

Drives All Night.

The French car in the New York-to-Paris race reached Fresno at 5:25 o'clock yesterday, and passed through the town on the run toward San Francisco. The car is said to be holding up well. Because of the time lost on the trip through Death Valley, Aupran decided to drive all night.

PROPOSES ROUTES FOR REAL ROADS.

REPORT OF COMMISSION OF SAN BERNARDINO COUNTY.

Projected Betterment Scheme for Highways is Estimated to Cost Six Hundred and Twenty-five Thousand Dollars—About Eighty Miles of Thoroughfare in Scheme.

SAN BERNARDINO, April 6.—The report of the San Bernardino Highway Commission was filed today. The report, which is a document of about 2200 words, speaks of the conditions of the roads of the county, and recommends routes for the highways for permanent improvement. The aggregate of the routes proposed for such building or rebuilding is 79.79 miles. For this betterment project, a bond issue is contemplated.

The commission estimates the total cost of the proposed permanent improvements of the 79.79 miles of roads at \$625,000, of which \$330,000 is the estimated sum for bridges and culverts, and \$295,000 is the estimated amount for macadam and turnpiking.

Following are the routes proposed by the commission for permanent improvement:

San Bernardino avenue from easterly limits of Upland to easterly limits of Colton, easterly to westerly limits of Colton, easterly to westerly limits of Redlands, 6.80 miles.

## RELIGIOUS.

## BANQUET FOR NOTED LAYMAN.

Getting Together Function Held Last Night.

Sunday-school Secretary's Big Team Coming.

War of Roses Grows Warm Among Women.

At a reception and banquet tendered to J. Campbell White of New York, last night at the Federation Club, Third and Main streets, a notable group of ministers and laymen gathered. Mr. White is general secretary of the Laymen's Missionary Movement of America, an organization of a little more than a year's growth, which has taken a mighty hold on the laymen of all denominations, and beside the leading ministers and laymen of the city, the following well-known men were present: Rev. A. W. Rider, Oakland, district secretary of the Baptist Missionary Union; Rev. H. Melville Towner, San Francisco, district secretary of the American Board; Rev. Dwight E. Potter, Oakland, district secretary of the Presbyterian Board; Harry W. Jones, Minneapolis, who has made a name around the world studying foreign missions; Bishop Bell, of the United Methodist Church; and Rev. J. M. Merrill, chairman of the local committee, presided at the banquet.

Rev. A. W. Rider, of Oakland, was the first speaker. The latter told of his own experience with reference to the Laymen's Missionary Movement. In the past, interest in foreign missions has largely existed among the members of the church, but that this movement is rapidly putting the men to work.

Rev. J. M. Merrill, chairman of the local committee, presided at the banquet. He spoke of the importance of the Laymen's Missionary Movement, and of the need for more men to take up the work of foreign missions.

Rev. H. Melville Towner, of San Francisco, was the next speaker. He spoke of the importance of the Laymen's Missionary Movement, and of the need for more men to take up the work of foreign missions.

Rev. Dwight E. Potter, of Oakland, was the next speaker. He spoke of the importance of the Laymen's Missionary Movement, and of the need for more men to take up the work of foreign missions.

Rev. Harry W. Jones, of Minneapolis, was the next speaker. He spoke of the importance of the Laymen's Missionary Movement, and of the need for more men to take up the work of foreign missions.

Rev. Bishop Bell, of the United Methodist Church, was the next speaker. He spoke of the importance of the Laymen's Missionary Movement, and of the need for more men to take up the work of foreign missions.

## FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have.

In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

squarely before the voters in the state upon a non-partisan basis, and in a direct form. It will be the first time that the saloon issue has ever been separated from the personality of candidates or from the platform of political parties. The result, both sides admit, will fairly represent the decision of the voters upon the one question, whether they want or do not want saloons in the villages, towns and cities where they live.

In more than four-fifths of the counties in Illinois the people are going to vote on the issue. The vote is to be taken in more than 1200 cities, villages and townships.

The only cities of any size in Illinois that are not going to vote on this important question are Chicago, Peoria, Quincy, East St. Louis, Streator, Ottumwa, Jacksonville, LaSalle and Galena.

In Cook county eleven townships will vote on the liquor question. They are Barrington, Bloom, Calumet, Hanover, Licens, Maine, New Trier, Orland, Palos, Proviso and Thornton. Shalena, they so "dry" several of Chicago's best-known suburbs will cease to be saloon towns for thirty automobile and other travelers.

J. B. Edgson, member of the Montgomery (Ala.) revenue board, and a prominent planter, died yesterday as a result of poison in food at a barber's place on Saturday. Several others were ill, but will recover.

ILLINOIS ELECTIONS VOTING ON SALOON QUESTION.

First Time Measure Has Come Before Public Free from Partisan or Personal Entanglements, and Each Side Expresses Confidence in Victory.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, April 6.—[Exclusive Dispatch.] On the eve of the first widespread contest between the saloons and their enemies in Illinois the generals of both the liquor cohorts and the cold-water army today predict sweeping victories.

Each side declares its positive conviction it will carry every big city in the State where the saloons are an issue. Leaders in the battle to cast out the places where drinks are sold say they fear they will not be given a fair count in some of the cities down the State, where the saloons are entrenched firmly.

Tomorrow's election marks the first time that the question of abolishing the saloons will ever have been put to the voters.

## FIGHT IN NEBRASKA.

Both Sides Work Energetically, but Cold Water People Claim They Will Be Victorious.

[BY THE ASSOCIATED PRESS—A.M.] LINCOLN (Neb.) April 6.—After six weeks of energetic campaigning for prohibition the United Civic League today claimed a victory at the polls tomorrow by a substantial majority.

The liquor forces have been making a quiet but determined fight. The voters will pass upon the question of prohibition or daylight saloons. The league workers have prepared to challenge hundreds of voters.

The Chinese throne has approved Admiral Soha's recommendation for the entertainment of the American fleet at Che Foo, but the government declared that this will be impracticable, owing to the winds, if the fleet arrives after September.

### EVENTS IN LOCAL SOCIETY.

**MR. A. GARFIELD DRAKE** is planning an informal afternoon party on April 14 at her pretty home at 100 West Twentieth street. The party will be in honor of two of the most charming and popular of our society. Miss Constance Britt and Miss Elizabeth Drake, the hostess. Miss Britt is to marry Mr. W. H. Drake, and Miss Drake, Mr. W. H. Drake.

**Wider Goss East.**  
Mrs. R. W. Wither, who is well known in the city and club circles, left Friday for a visit to her home in the East.

**Mr. and Mrs. Oates.**  
who were married last evening in the First Methodist Church, in the presence of a large number of guests.

supported by Oliver Clark and Orville Clark, and the ushers were Miss Florence Hurst, Miss Ruth Fisher, Miss Cora Glass, Miss Hazel Perfect and Miss May Paul, all of whom were assisted by white. The music was in charge of Clyde Collier. The church was decorated with calla lilies and potted plants. After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. W. R. Carter of No. 1221 Monte Vista street. Mr. and Mrs. Oates will be at home at No. 470 West Avenue 51 after May 1.

**Sunday Wedding.**  
Mrs. Georgia Chapman and E. W. Ober of Salina, Kan., were married Sunday at the home of the bride's brother-in-law and sister, Dr. and Mrs. Sumner J. Quint, of No. 1217 Arapahoe street. The bride was beautifully gowned in blue, with a point lace veil, sent by her mother, Mrs. A. E. Wilson, from Berlin. The ceremony was performed by Rev. Burt Estlin Howard, in the presence of relatives only. Later a reception was held, to which a large number of friends were invited. The music was in charge of Mrs. Griffith and Mrs. W. S. Hardison. Mr. and Mrs. Ober will remain in Los Angeles about a fortnight before leaving for Kansas.

**House Party.**  
Young ladies who formed a house party at Santa Monica during the past week include Miss Ethel Wilcox, Miss Fay Thorne, Miss Retta Wilcox, Miss Fieda Colf, Miss Brownie Brown, Miss Woodford, Miss Ethel McCoy, Miss Kate Adkinson, Miss Althea Parks, Miss Florence Parks, Miss Elsie Dean, Mrs. Cooper, Miss Marian Howe, Miss Nellie Beeson, Miss Frances Robinson, Miss Lois McClain, Miss E. Wright and Miss Florence Bodkin. The chaperones were Mrs. G. W. Couch, Mrs. A. W. Adkinson and Mrs. Wilcox.

**J.O.C. Entertains.**  
Members of the J.O.C. entertained their friends delightfully in the parlors of the First Methodist Church, which were artistically decorated with wild mustard and spring blossoms.

**Children's Party.**  
Mrs. H. L. Van Bibber of No. 3114 Downey avenue gave a children's party in compliment to her small niece, Miss Blanche Bullock. The event was in celebration of the ninth birthday anniversary of the guest of honor, and the home was gay with pretty blossoms, and interesting games were enjoyed. A luncheon was served, the guests being Misses Gladys Senior, Ruth Eyre, Mabel Dyar, Marie Dyar, Esther Champion, Mary Petty and Elsie Champion.

**Enjoyable Evening.**  
Mr. and Mrs. Robert Schmeling entertained with an enjoyable evening at their home, No. 2782 West Eighth street. High five was the game played, and the evening was a success.

### One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best the world affords.

### A Skin of Beauty is a Joy Forever

**D. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER**

Received Easterners.  
Recently Mr. and Mrs. L. C. Schalk and daughter, Miss Madge, of West Twentieth street, entertained a number of friends formerly of Cincinnati.

**For Admiral and Officers.**  
Mrs. Randolph Miner of West Adams street has set Tuesday, the 21st inst., as the date of a garden fete to be given at her home in honor of Admiral Evans and the officers of his fleet.

### HOUSEKEEPERS GLAD OF LENT.

**MEAT HIGH AND FISH PROVES THEIR SALVATION.**  
Another Advance in Beef and Pork Due Today and Mutton Likely to Join in Climb—Greedy Kansas City Packing-houses Blamed — Poultry Far from Cheap.

The retail butchers have had considerable difficulty in explaining to customers the reason for the many recent advances in the prices of meats. Today there will be still another rise in pork and beef as well.  
For the advance in beef, Kansas City Packing-houses are generally blamed. Formerly buyers from these houses would buy in Utah, Nevada, Texas and California only a few choice cattle, leaving the remainder for local packing-houses. But now conditions have changed and the eastern men take all the cattle they can obtain. This has caused an abnormal scarcity in the local supply, and just at a time when beef is scarce throughout the United States. The stock in the northern States has had barely enough feed to subsist on, owing to heavy snowfall, while in the Southwest the grazing has not been as good as usual because there has been so little rain.  
With pigs conditions are similar. Farmers have slaughtered their own animals and are now buying of packing-houses. In one week the price of pork chops jumped from 12 to 15 cents a pound. Bacon has advanced from 18 to 22 cents and ham from 16 to 20 cents, for cheaper grades, the best selling as high as 30 cents. Various sausages, including the cervelat, summer and salami wursts have gone up 10 cents. Lard has been least affected, but has gone up 2 cents.  
In mutton there has so far been no advance, but the increased demand for it, occasioned by the higher prices for other meats, will undoubtedly cause an increase in price in the near future. Poultry of all kinds has advanced, too. Broilers for example, which sold for 10 cents, now command 15. Fryers have jumped to 20 cents. Ducks and geese are scarce and bring at least 25 cents. Fish are proving the salvation of many pocketbooks. During the entire Lenten season they have been very plentiful and there has been no change in quotations. From northern rivers are shipped supplies of fresh-water varieties, including catfish and shad. Carp are also selling well. Pompano are running at present and as catches have been large, they sold as low as 10 cents a pound. Salmon steaks are worth about 20 cents. Sardines from San Pedro and barracuda from Redondo are daily receipts.

### CAR KILLS HORSES.

**Ground Beneath Fender and Trucks.**  
Motorman Narrowly Escapes Injury—Investigation in Progress.  
Two horses, attached to a wagon of the Merchants Ice & Cold Storage Company, were so severely injured in a collision with a Monte Vista-street car on South Main street, yesterday afternoon, that they were killed later. The motorman narrowly escaped injury as the pole of the wagon was forced through the front of the car, and the controller was jarred from its place.  
The horses were ground beneath the fender and the front trucks. There was a slight panic on the car, as it was supposed that a collision with another car had occurred. The railway company is trying to ascertain what is responsible for the accident.

### To Prevent the Grip.

Latent Grip. The cause of the grip is not only in the air, but in the water. It is in the water that the grip is most likely to be contracted. It is in the water that the grip is most likely to be contracted. It is in the water that the grip is most likely to be contracted.

Corner Third and Spring Streets DOUGLAS BUILDING

JUST SAY: "I bought my new SPRING and SUMMER SUIT at Desmond's," and that settles it. YOU CAN bank on our goods. WE KNOW where and how to buy MEN'S and YOUNG MEN'S CLOTHING as well as Hats, Shirts, Neckwear, Hosiery, Gloves, Handkerchiefs, Suspenders, Underwear, Collars, Cuffs, Trunks, Suit Cases, Bags, etc., etc., to the double benefit of ourselves and customers.

WE ENCOURAGE TRADE by making it PROFITABLE for buyers to come to our store. We are new in the clothing business, but the UNSOLICITED COMPLIMENTS that are pouring in from enthusiastic clothing buyers convince us that this Spring's productions are the crowning efforts of our 35 years of endeavor.
